Friday 27th May

Year 5 trip to Kingswood

It was lovely to return to school last Friday with the Year 5 children after our three days away at Kingswood with them. There were lots of different activities that the children tried ranging from adrenaline activities like the zip wire and abseiling to activities where both feet were firmly on the floor like problem solving and archery. All the children were fantastically behaved throughout the time away and were a credit to the school. All the photos, and there are lots of them, are on the website and can be reached from our home page. We thought the trip was so good, we've already booked our slot for next school year! More information on this will be coming out once we start next year. A big thank you to Mrs Wallace, who accompanied me on the trip, for the time that she gave up away from her own family.

School Games success

A Year 5 hockey tournament took place this week as a qualifying event for the Northumberland School Games. It was open to all the schools in our Ashington & Coquet area. Not only did our team play some fantastic hockey (they were 4-a-side, 7 minute matches), but we also managed to win the tournament. Well done to Prya, Keeley, Maya, Ben, Henry and Geordie who will now represent Ashington & Coquet at the School Games in June.

School Gateway

Thank you if you have downloaded the app or have registered on the website to use this. About half of our families are now using this as the method to pay for things but we would still like more. School trips have been added to the items to pay for on School Gateway and we would appreciate it if you haven't already signed up or downloaded the app if you would consider doing this. There is no charge to you, but there is a saving for school, especially if we need to text out.

Schoolgateway

Year 2

Well done to Year 2 who have been doing their 'special work' over the last couple of weeks. They have worked extremely hard and rounded everything off last night with a great party at Maths Club.

Nursery and Reception trips

Both classes visited Whitehouse Farm this week and had lovely days. Although the weather wasn't kind on Thursday all the children (and adults) enjoyed themselves.

Website

Please take a few minutes to have a look at our website. There are lots of photos on and the children have worked hard this half term creating blogs which can be read. The calendar of events is on the website as well as any news we have.

School Values

We have decided to award certificates to those children in each class that demonstrate our School Values each week. Our values have been drawn from the Olympic and Paralympic values, British values, rugby values and School Games values. We have also added some of our own that we think are important. Check out the website to see this week's value and our past winners.

Please can I remind you that school closes tonight for half term and re-opens to children on **Tuesday 7th June**. We hope you have a wonderful half term and that the weather manages to improve!
