Equalities Policy

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Human Rights Act 1998
- The Education (School Performance Information) (England) Regulations 2001
- Gender Recognition Act 2004
- Equality Act 2010

We understand that the Equality Act 2010 combines and builds upon the existing legislation covering discrimination and promotion of equality of opportunity.

We recognise that this Act brings together into one Act those areas now known as 'protected characteristics' that qualify for protection from discrimination such as age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

We believe that everyone has the right to be treated with dignity and respect. We are opposed to any direct or indirect discrimination against individuals or groups whatever their age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

We believe it is our legal duty under the Equality Act 2010 to minimise the distress and disruption to those pupils and school personnel who are transgender by ensuring we eliminate all forms of discrimination, advance equality of opportunity, promote good relations between different people and to support the rights and needs of trans people to live their lives in their true gender.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We have high expectations of all pupils from across the ability range by aiming to provide them with every opportunity to succeed by providing the highest standards of teaching and learning within a curriculum that is broad, balanced, differentiated, relevant and exciting. We will monitor the progress of all pupils in order for them to achieve their expected targets.

We are opposed to any member of the school personnel or others connected with the school being victimized, harassed or bullied by another based on assumptions about their

status in the afore mentioned categories or on any other grounds. Also, we will not discriminate against anyone because of their political affiliation.

In order to achieve the aims of this policy we will take measures of positive action to encourage or facilitate the employment or training of minority or disadvantaged groups as we recognise that the avoidance of discrimination is not sufficient in ensuring that equality exists in this school.

We work hard to maintain a positive ethos where all members of the school community work well alongside each other developing positive working relationships.

We want pupils to come to school to enjoy the meaningful experiences that we offer and where they feel valued and special. We want them to have a sense of pride in themselves and their school.

We want school personnel to see the importance and derive a sense of fulfilment from their work in school but above all we want them to feel valued by everyone in the school community.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We aim to be judged at least good in all school inspections by ensuring that standards for all pupils are higher than schools of a similar size and that standards continue to improve faster than the national trend.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
