## Closed Circuit Television (CCTV)

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Health and Safety at Work Act 1974
- Employers' Health and Safety Policy Statements (Exception) Regulations 1975
- Safety Representatives and Safety Committees Regulations 1977
- Health and Safety (Display Screen Equipment) Regulations 1992
- Data Protection Act 2018
- Human Rights Act 1998
- Provision and Use of Work Equipment Regulations 1998
- Management of Health and Safety at Work Regulations 1999
- Education (School Premises) Regulations 1999
- Freedom of Information Act 2000
- Regulation of Investigatory Powers Act 2000
- Equality Act 2010
- School Premises (England) Regulations 2012

The following documentation is also related to this policy:

- CCTV Code of Practice (Information Code of Practice)
- Equality Act 2010: Advice for Schools (DfE)
- Managing for Health and Safety (HSE)
- Race Disparity Audit - Summary Findings from the Ethnicity Facts and Figures Website (Cabinet Office)

We are aware that the General Data Protection Regulations (GDPR) has entirely replaced the previous Data Protection Act (DPA) making changes to many existing data protection rules and regulations that schools, academies and other educational establishments adhered to under the DPA. The principal aim of the GDPR is to strengthen and unify the safety and security of all data held within an organisation.

We have installed Closed Circuit Television (CCTV) surveillance equipment in order to deter unauthorised trespass to the school grounds and premises. Under no circumstances has it been introduced to monitor pupils, parents or school personnel.

We believe it is essential to have in place exceptional school security systems to protect pupils, school personnel, equipment, visitors, the school grounds and premises. Therefore, we feel that CCTV helps in establishing a school environment where everyone feels safe and secure as it is able to monitor activities in the school grounds and premises that could affect our security, safety and wellbeing.

Under no circumstances will Closed Circuit Television (CCTV) be installed in pupils' toilets.

# Pegswood Primary School

We have registered the CCTV system with the Information Commissioner under the terms of the Data Protection Act 1998 and we are aware that all recorded CCTV material is covered by this Act.

We will ensure that the rights of individuals are upheld by complying with the Data Protection Act 1998, the Regulation of Investigatory Powers Act 2000, and the CCTV Code of Practice issued by the Information Commissioner.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

## Aims
