# Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy and how we intend to spend the funding in this academic year.

#### **School overview**

Detail	Data
School name	Pegswood Primary School
Number of pupils in school	147
Proportion (%) of pupil premium eligible pupils	23.8%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022
changy plant corons (o year plants are recommended)	2022/2023
	2023/2024
Date this statement was published	December 2021
Date on which it will be reviewed	December 2022
Statement authorised by	Andrew Waterfield
Pupil premium lead	Andrew Waterfield
Governor / Trustee lead	Rob Kitching

#### **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£60,525
Recovery premium funding allocation this academic year	£6,815
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£67,340
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

#### Part A: Pupil premium strategy plan

#### Statement of intent

When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. Research conducted by the Education Endowment Foundation (EEF) should then be used to support decisions around the usefulness of different strategies and their value for money.

Common barriers to learning for disadvantaged children can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties, and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no 'one size fits all'.

#### Our ultimate objectives are:

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils
- For all disadvantaged pupils in school to make or exceed nationally expected progress rates
- To support our children's health and well-being to enable them to access learning at an appropriate level

#### We aim to do this through

- Ensuring that teaching and learning opportunities meet the needs of all the pupils
- Ensuring that appropriate provision is made for pupils who belong to vulnerable groups. This includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged will be registered.

 Pupil premium funding and recovery curriculum funding will be allocated following a needs analysis.

#### **Achieving these objectives**

The range of provision the Governors consider making for this group include, but not exclusively:

- Ensuring all teaching is good or better thus ensuring quality first teaching for all pupils
- To ensure our curriculum is matched to the needs of our learners, including addressing any gaps identified, through diagnostic assessment and detailed tracking and analysis
- To ensure our PP pupils are at least on track for expected progress from their starting points by providing interventions and targeted support
- To ensure we are supporting our pupils emotional and social well-being needs through Nurture sessions and Thrive sessions where needed
- To enable access to a wider curriculum through supporting payment for activities, educational visits and transportation.

#### **Challenges**

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	An increasing number of pupil premium children also have additional needs, including academic, social and emotional needs which restricts the child's readiness to learn. These have been heightened due to the impact of partial school closures. Referrals for support have increased and more children are needing and accessing support.
2	Narrowing the attainment gap across Reading, Writing and Maths. Our assessments and observations indicate that the education of many of our disadvantaged children has been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has led to wider gaps.
3	Attendance and punctuality for some disadvantaged children is a barrier to learning and to well-being.

#### Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Attainment and progress in Reading	To achieve national average standards and progress scores or better in KS2 reading. KS2 reading outcomes in 23/24 show an improving trend for our disadvantaged children.
Attainment and progress in Writing	To achieve national average standards and progress scores or better in KS2 writing. KS2 writing outcomes in 23/24 show an improving trend for our disadvantaged children.
Attainment and progress in Maths	To achieve national average standards and progress scores or better in KS2 maths. KS2 maths outcomes in 23/24 show an improving trend for our disadvantaged children.
Achieving expected standards in phonics	For Year 1 pupil premium pupils to achieve the expected standard in the national phonics screening test year on year.
To ensure high levels of attendance and to sustain this	To ensure attendance of disadvantaged pupils is in line with our school target of 96%.
To support emotional and social well-being needs	Pupil premium children are ready to learn and supported emotionally. Student and parent voice feedback. Increased participation in enrichment activities.

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

**Budgeted cost: £6,886** 

Activity	Evidence that supports this approach	Challenge number(s) addressed
Purchase of validated phonics scheme to support phonics teaching.  Cost:£299	EEF (+5 months) Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading which in turn impacts positively on the self-esteem, particularly of disadvantaged children.	2
Purchase of KS2 Rapid Phonics to address the needs of those children who have left KS1 with phonological gaps. Cost:£299	As above	2
Purchase of independent online targeted reading scheme, with comprehension, to link with phonics scheme.  Cost:£2,496	EEF (+6 months) Reading comprehension activities are proven to have a high impact on pupil understanding and when used alongside phonics it is a crucial element of early reading instruction.	2
Purchase of phonic training for all classroom staff from validated phonics scheme.  Cost:£500  2x90 mins online training	EEF (+5 months) Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading which in turn impacts positively on the self-esteem, particularly of disadvantaged children.	2,
Purchase of guided reading material, linked with Bug Club, including comprehension workbooks.	EEF (+6 months) Reading comprehension activities are proven to have a high impact on pupil understanding and when used alongside phonics it is a crucial element of early reading instruction.	2
Cost: 3,292		

# Targeted academic support (for example, tutoring, one-to-one support structured interventions) Budgeted cost: £20,776

Activity	Evidence that supports this approach	Challenge number(s) addressed
Targeted phonics support.  Cost towards TA support/group work: £4,446	EEF (+ 5 months) Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading particularly for disadvantaged children.	2
School led tutoring – TA (increased hours)  Cost: £7,000	EEF (+4 months)  Intensive tuition in small groups is often provided to support lower attaining pupils or those who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills.	1, 2
Use of Thrive to support children and their families throughout the year.  Cost: £5,118	EEF (+ 4 months)  Social and emotional learning interventions which target social and emotional learning seek to improve pupil's interaction with others and self management of emotions, rather than focussing directly on the academic or cognitive elements of learning.	1, 3
Additional TA support for disadvantaged children with speech & language needs.  Cost: £4,212	EEF (+5 months)  Targeted one to one support has been evidenced at being very effective at improving pupil outcomes.	2

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

# Budgeted cost: £40,614

Activity	Evidence that supports this approach	Challenge number(s) addressed
We will use teaching assistants in Reception, KS1 and in KS2 to provide targeted additional support, consolidation and challenge to specific groups of identified children.  Cost:£22,776	EEF (+4 months)  Teaching assistant intervention, when deployed in a targeted manner can provide a large positive impact on the children.	1, 2
Additional TA support for disadvantaged children with social, emotional & mental health needs to run Nurture sessions.  Cost: £2,808	EEF (+ 4 months)  Social and emotional learning interventions which target social and emotional learning seek to improve pupil's interaction with others and self management of emotions, rather than focussing directly on the academic or cognitive elements of learning.	1, 3
Release time for our SENDCo to work with the families of disadvantaged children through Early Help Assessments.  Cost:£10,530	EEF (+4 months)  The children will benefit from the regular multi-agency meetings that address the children and family's needs when in crisis or needing extra support. This will ensure that the vulnerable children and their families have support to access the things they need which may include support for social, emotional, health, financial or housing needs. This will help to ensure that children are supported and provided with the best chance possible to have a healthy, happy and successful life.	1, 2, 3
Sustaining and embedding Forest School provision in the use of the outdoor environment for educational purposes. Resources are required for us to achieve this.	EEF (unclear although there are certainly elements of metacognition and self-regulation within Forest School which the EEF rate as +7 months)  To provide a trained Forest school teacher to work with each class teacher to plan and deliver Forest School activities to the whole school over the term and the year. The activities will be linked to what the children are currently learning in other curriculum areas.	1, 2

Cost: £2,000	Children will have the opportunity to learn in an outdoor environment. They will learn how to handle risks and most importantly to use their own initiative to solve problems and co-operate with each other.	
To subsidise some transportation costs and the partial cost of trips and events.	To support our community with the cost of school trips/ activities to ensure pupils benefit from enrichment activities and wider experiences.	1, 3
Cost: £2,500		

Total budgeted cost: £68,276

## Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

Please see separate document outlining the outcomes from the previous year.
