- 18th November - Local author visiting Year 5 & 6

Public Libraries

Local libraries are back up and running and are a brilliant resource for families. They often run events for children to get involved in as well as weekly storytime sessions for younger children. Find out what's on [HERE](#) and apply for a free library card [HERE](#).

Reading for Pleasure

This year we are really focusing on reading across the whole school. We are developing our reading areas in classrooms, stocking up our bookshelves and trialing new ways of encouraging reading for pleasure across all age groups. Thank you so much to all those who have sent in kind donations to help us out. You can find the lists of books that we need on our school website [HERE](#).

In Year 6 we have been getting to grips with recording independent reads using an online reading record which is so far proving very popular.

There has also been a wonderful response to new online reading books using BUG CLUB in Year 5 and 6 so keep your eyes peeled for this rolling out across all year groups.

Watch out every Friday for reviews, recommended reads, author info and updated events to help get your children more involved in reading.
