Issue 1

Friday 5th
September

We would like to welcome everybody back to school! I hope you all had a great summer break. The children have come back to school very enthusiastically and have slotted into their new classes extremely well and we have had a fantastic first week. A special welcome to all our new starters and their families.

Sensory Circuit area

You will have seen our new area when you have been dropping off and collecting. We were able to create this area due to funding from ex Councillor David Towns. David contacted school in April, expressing a wish to help the school with a project. Between the staff, we came up with the idea you can see in our playground. We are extremely grateful to David for the capital to allow us to create a wonderful resource that will benefit many children over a number of years.

We invited David in to school this morning to officially open the area. There are photos and a video on our Facebook Page. All children have now had a chance to experience the area.

We will be using the area in school time only and so we ask that nobody use the area before school or after school.
